

I am writing today to introduce our new not-for-profit hockey association, the Ottawa Jr. 67's AAA. We are excited to offer this AAA opportunity to bantam and midget players in our community. We strive to ensure that player selections are fair and equitable, and that we will provide each player with the best coaching and development system possible. We want to generate a positive hockey experience to all athletes.

The four teams will consist of 17 players ranging from 13 to 17 years old from the East Ottawa, Gloucester and South Ottawa areas. The teams will play out of the Armstrong, Barrett, Peplinski and Sandy Hill arenas. Several games will also be playing out of the Carleton University arena.

We would like to invite you to be part of this new venture by becoming a sponsor of the Ottawa Jr. 67's AAA **INSERT TEAM NAME**. We have created an array of different sponsorship levels, all offering benefits that have a significant value for your organization. Enclosed are the details of the opportunities available. All money raised will help to ensure that the hockey dreams of these players will be kept alive!

Thank you for considering this request to be one of our Association sponsors for the upcoming hockey season. If you would like more information or would like to become a sponsor, please feel free to contact me.

Sincerely,

Nicole Plaschy, MBA, CFRE
