

Ottawa Junior 67's AAA

Peak Performance Nutrition Offer

Living Science Supplements, The Natural Food Pantry and Nutritional Consultant Bruce Bonner, are excited to extend their expertise in the Natural Nutrition field to the Ottawa Jr. 67's AAA Hockey Organization. Each person deserves to have all possible tools at their disposal to be a successful hockey player. The following offer is one to take your game to an entirely new level, leaving your competition in the dust!

1) Natural Food Pantry: 10% off all purchases except for refrigerated foods. Each player receives their own swipe card which is programmed with their discount.

2) Living Science Supplements: The Dynamic Sports Kit is the latest in athletic supplementation. It contains Whey Protein Powder, Multi Vitamin/Mineral, Flax Oil, Water Bottle and a Mini Supplement Transport Box. This complete program comes in 2 versions: 1) General Sport and 2) Hockey Specific. The Junior 67's price is 10% or 15% off if more than 10 are ordered at once from Living Science, so get your teammates together and experience elite performance as a team!

3) Bruce Bonner MAsc. RNCP: Bruce has a busy Nutritional Consulting practice specializing in helping athletes reach their goals. Book an appointment to get the customized nutrition program you need to help you excel on the ice. Normally to see Bruce your program costs \$185. This offer is a one hour session for \$115 (a \$70 savings). This includes a full computerized biofeedback analysis which gives you deeper insights into the exact nutrients your body requires and then a customized meal plan is created for you.
